### **MEDECOS XII - LOS ANGELES, CA - 2011**

The international **MEDECOS** Conferences on the ecology, biodiversity, and conservation of the world's five Mediterranean climate ecosystems began in 1971 in Valdivia, Chile. This year will mark the 40th Anniversary of this conference at the *University of California, Los Angeles*

#### **Who Should Attend?**

**MEDECOS XII** is open to participants with an interest in ecology, biodiversity, and conservation of Mediterranean-climate ecosystems.

#### **STUDENT PARTICIPATION HIGHLY ENCOURAGED**

(limited scholarships available)

#### **PRE-REGISTRATION AND PARTICIPATION IN ORGANIZING A SESSION**

- Please email us [MEDECOSXII@ioes.ucla.edu](mailto:MEDECOSXII@ioes.ucla.edu) if you intend to attend the conference **or** if you would like to volunteer in organizing a session. For session participation, please include your topic preference.

The **MEDECOS XII** organizing committee is a consortium of resource managers including the U.S. National Park Service, the U.S. Geological Survey, and the University of California Natural Reserve System.
